No brag.....just FACT:

All our Technicians are current in their Factory training AND each one has graduated from one or more off-site Harley-Davidson® Factory Instructor led technical courses within the last 18 months.

We are proud of their capabilities and you will be too.

Drop in and ask for a tour of our Service Operation, a look at our Technician's credentials, or call for a Service appointment.

Ask for **Pat, Michael, or Kevin**

* Air cleaners that require replacement will incur an additional charge for the new element
